

Help Our Communities Raise their Voices in 2024 and Beyond with NAHRO Votes!

The NAHRO Network makes its voice heard in Washington D.C. during Capitol Hill Day and August Advocacy, but what about on Election Day?

NAHRO Votes provides useful nonpartisan Get Out the Vote (GOTV) resources Public Housing Agencies (PHAs) can share with residents. Confusion about local rules, voter registration requirements, and even access to transportation can cause eligible voters in our communities to sit out elections. At NAHRO, we know politics can be confusing, but exercising the right to vote doesn't have to be. NAHRO Votes is based on voting rights law and HUD guidance on how PHAs can engage in Get Out the Vote efforts.

Visit NAHRO Votes to learn more about:

- Voter registration requirements by state
- Accessible options for residents in need of assistance
- Hosting nonpartisan candidate forums at your PHA
- Hosting voter registration drives at your PHA
- Designating your PHA as an official polling location
- And much more

Why NAHRO?

NAHRO serves the largest network of Public Housing Agency Officials in the officials in the United States. Every person that is eligible for HUD programs is a U.S. citizen, and every U.S. citizen is eligible to vote. Improving voter turnout nationally - especially in our communities - ensures that our government is representative of us all and improves the effectiveness of NAHRO advocates and staff on Capitol Hill!

For more information on NAHRO Votes and how you can get started, contact: pla@nahro.org. Or visit our website: www.nahro.org/nahro-votes
